FOCUS

- Architectural design
- Interior design
- 3D visualization
- Residential, commercial & urban

NEXT

Finish my studies, gain experience in a respected firm, and one day lead a practice of my own.

Fatih Škrijelj

ARCHITECTURE · INTERIORS · VISUALIZATION

PROFILE

Architecture student from Sarajevo in my fourth year of studies. Before university I trained and worked as an architectural technician, so I learned how buildings are put together before I learned how to design them. I approach every project with precision, curiosity and a commitment to meaningful spaces.

8	10+	7	9
Years in design & construction	Built projects	Months of studio practice	Design programs

EXPERIENCE

Design studio — 7 MONTHS

Architectural & interior design practice

Worked across residential, commercial and urban projects, from first sketch through to buildable drawings and photoreal visualization.

Architectural technician — BEFORE UNIVERSITY

Design & construction

Trained and worked as a technician, producing technical documentation for projects, more than ten of which have been built.

EDUCATION

Architecture — 4th year — SPRING 2026

Architectural Design Studio 405 · Studio V

Studio project: Sarajevo Siege Museum 1992–1995 with a small hotel and restaurant, Quadrant C, Marijin Dvor.
